

Xevier Turrubiarres

Software Engineer

Software engineer proficient in JavaScript, React, Node, Express, and PostgreSQL. I have 1 year experience as a developer and 4 years of experience in the financial services industry. Both have allowed me to develop my problem-solving, assessment, and communication skills with stakeholders and partners.

PROJECTS

Neighbr - Neighborhood based app meant for users asking for help.

[Live App](#) | [Client Repo](#) | [API Repo](#)

Tech: JavaScript, React, HTML, CSS, Express, NodeJS, PostgreSQL

- Users can create posts with details on things they need help with.

MASS - Mutual Aid & Shared Services gives help to those in need.

[Live App](#) | [Client Repo](#) | [API Repo](#)

Tech: JavaScript, React, HTML, CSS, Express, NodeJS, PostgreSQL

- Users can submit a wish list of things that they need. Trusted admin is able to see lists of orders from different users along with locations to deliver items.

EXPERIENCE

Rodeo Logistics, Austin, TX - Software Engineer/QA Engineer

12/2021 - Present

- Participate in code reviews with senior engineers to gain feedback and insight for improvements.
- In charge of end-to-end testing using Cypress.
